

Berlin “Modellkita” Project:

8 ECEC institutions (KiTa)

- develop and professionalize knowledge, exchange and bundle practical experiences, strengthen functioning network
- transfer of specialized knowledge and experiences to other Berlin ECEC institutions via consultations (“practice advises practice”), public conference, recommendations

- three essential aspects: KNOWLEDGE + ATTITUDE + NETWORK => expertise

Some findings:

Challenges and chances:

- reflecting the own work, values and norms, modifying, adapt, improve known methods and patterns for the goal of access for every child to early childhood education and participation
